

# Non - Residential Sewer Use Certification

(To be completed for all new sewer connections, or change of use of existing connections. This form does not apply to repairs or replacements of existing sewer connections within five years of disconnect.)

Pursuant to King County Code 28.84, all sewer customers who establish a new service which uses metropolitan sewage facilities shall be subject to a capacity charge. The amount of the charge is established annually by the King County Council at a rate per month per residential customer or residential customer equivalent for a period of fifteen years. The purpose of the charge is to recover costs of providing sewage treatment capacity for new sewer customers. The charge is collected semi-annually. All future billings can be prepaid at a discounted amount.

Questions regarding the capacity charge or this form should be referred to King County's Wastewater Treatment Division at (206) 684-1740.
